

Robitronic Wet & Dry RC-Car Cleaner

07/09/2015 11:13 by admin (comments: 0) Robitronic

The Wet & Dry Cleaner cleans all kind of dirt from your RC vehicles with and without water. It contains a patented cleaning formula and is 100% Bio-degradable. The Wet & Dry Cleaner minimizes the after-cleaning job to a minimum after the 1st use. The cleaner can be used on nearly all kind of surfaces like Lexan, aluminum, steel, titanium, rubber and plastic, vinyl and fiberglass

Instruction:

- On wet vehicle, let it soak few seconds, rinse off or use air-pressure, wipe dry with clean tissue
- On dry vehicle , let is soak few seconds, dry with air-pressure or wipe directly dry with clean tissue
- For very strong dirt or by oil contamination you may have to use a brush after Wet & Dry is applied
